

BIODEGRADABLE LITHIUM COMPLEX #0 GREASE

Description:

EnviroLogic® 800 is a multi-purpose, biodegradable Lithium Complex #0 grease. It demonstrates excellent low temperature pumpability, antiwear protection and corrosion protection.

EnviroLogic® 800 was specially designed for high performance in industrial applications where incidental environmental exposure of the lubricant is a cause for concern. It is biodegradable and will not cause harm to aquatic life or animals.

EnviroLogic® 800 is self certified as an Environmentally Acceptable Lubricant (EAL) compliant with 2013 US EPA Vessel General Permit (VGP).
