RSC BIO SOLUTIONS ADDS VP OF OPERATIONS

New hire positions company for continued expansion

Charlotte, N.C. (Feb. 23, 2015) – RSC Bio Solutions, a leader in high performing environmentally acceptable solutions that include readily biodegradable lubricants and cleaners and natural, clay based absorbents, has added Asuama Yeboah-Amankwah as Vice President of Operations. Yeboah-Amankwah will be responsible for leading operational activities including logistics, warehousing, blending partnerships, purchasing and order management.

Over the course of his nearly 20-year career, Yeboah-Amankwah has created a track record of helping world class organizations serve customers and increase productivity through improved operational, process and supply chain management. Prior to joining RSC Bio Solutions, he spent five years at Owens Corning, where he served as an operations support engineer and productivity manager, and nearly five years at Goodyear Tire and Rubber, where he served as a retail channel manager and European sales forecasting manager. Most recently, he was director of sales and marketing at Myers Industries, where he had full P&L responsibility for the lawn and garden consumer business.

Yeboah-Amankwah is a Six-Sigma Black Belt with deep expertise in new product launches, international strategic sales and marketing plan development and disciplined budgeting. He holds a Bachelor of Science degree in chemical engineering from Rutgers University and an MBA from George Washington University.

“Riding a wave of increasing demand for our high performing functional fluids, cleaners and absorbents, RSC Bio Solutions continues to be on an aggressive growth trajectory,” said Mike Guggenheimer, CEO for RSC Bio Solutions. “Adding Asuama to our leadership team is a critical step in our expansion, allowing us to satisfy the delivery expectations of an increasingly global customer and supply base.”

About RSC Bio Solutions, LLC

Established in 2010 and headquartered in North Carolina, RSC Bio Solutions is an affiliate of RSC Chemical Solutions and is focused on providing high performance chemistries that are safer, non-hazardous and environmentally responsible. To expand its offerings further, RSC Bio Solutions’ parent company, Blumenthal Holdings, recently acquired a controlling interest in an 18-year-old company, Terresolve Technologies, Ltd., and its EnviroLogic® product lines, including readily biodegradable

functional fluids and oils that are tested and proven in some of the toughest environments possible. For more information, visit www.rscbio.com.
