READILY BIODEGRADABLE ISO 46 UNIVERSAL TRACTOR FLUID

Description

RSC *EnviroLogic*[®] Universal Tractor Fluid 46 is a readily biodegradable ISO 46 tractor oil for use in heavy duty brake, transmission and hydraulic systems. It is based on natural ester technology and is a direct replacement for petroleum oil based tractor fluids of the same viscosity. It exceeds the requirements for petroleum oil based tractor fluids and has excellent anti-wear characteristics.

It has reduced environmental impact in the event of a leak or spill, as it is readily biodegradable and non-sheening.

RSC *EnviroLogic*[®] Universal Tractor Fluid 46 meets the requirements for various manufacturers. Visit our <u>website</u> or contact customer service for a full list of OEM approvals.
